Feedback to the EURISCO infrastructure and requirements for improvement

EURISCO training workshop 2023
12–14 September 2023, Plovdiv, Bulgaria

We need your feedback

- Feedback is indispensable for...
 - ...further hosting the system
 - ...finding bugs
 - ...improving existing features
 - ...adding new features
 - ...responding to new user habits
 - ...to raise awareness of EURISCO and to attract new user groups
 - ...

User survey

- Structure
 - Public EURISCO web application
 - Infrastructure for data providers
- We would like a realistic assessment, but also wishes for improvements/extensions
 - Design
 - Clarity or lack of clarity
 - Intuitive usability of filter and download mechanisms
 - Reporting functionality
 - Requirements for changes and additions
